

PAPALA CHRONICLES

A weekly paper of Kingdom of Papala of The Royal Twin Kingdoms - Bougainville. Week Ending 08th April 2005 / 1

ISSUE # 2 (TWO)

WELCOME ADDRESS

From Principal Director

Welcome to the second issue of Papala Chronicles. In this issue you will read about various reports as captured by our Royal Media, Information and Communications Department during the week. There are so many activities taking place within the Meekamui / U-Vistract protectorate and we can only report those that are brought to the attention of our department.

Since the official opening of our royal banks on 07th January, 2005, life has not been the same in this tiny pacific island/nation of Bougainville (Meekamui/Papala). New constructions to date include, a fully stocked royal international banking center at Tonu, with branches in Arawa, Buka and Buin; a couple of married quarters for bank staff, a couple of single staff quarters of ten rooms each, a couple of royal dining halls, a district management office for all district enquiries, a royal communications center including a post office, a media and information facility, a royal security guards quarters, a royal palace guards hut, a royal guards sentry hut, an international defence &

security base/camp manned by Royal Meekamui Paramilitary Force, a royal parliament house, a royal Powerhouse with couple of diesel generators operating on a 24hour basis, a modern office facility, plus various satellite communication facilities, and so on. Everything is happening so fast, and our international engine is running almost full speed now, gaining momentum as the days go by.

report to you objectively and regularly once a week.

Beginning with this issue the paper will carry a section on various beliefs, ideologies, concepts and principles underlying the existence and/or establishment of our royal international government, monetary and banking system – U-Vistract.

God bless.

DIRECTOR

Above: Construction work progressing according to schedule

We hope you will enjoy reading to catch up with the times. Our journalists are bound by their professional code of ethics to report what they see happening with their physical eyes. They will

RIBM EXPANDS SERVICES

Work on expanding services of the Royal International Bank of Meekamui is progressing smoothly both on Bougainville and overseas in 5 PNG provinces.

Since the opening of the bank's headquarters at Tonu in the Siwai district of southwest Bougainville in January, a new branch has already opened in Arawa while work on a building to house the new Buka branch is nearing completion.

All the 5 bank branches in these countries/provinces are scheduled to be opened for business in the later part of the second quarter of 2005.

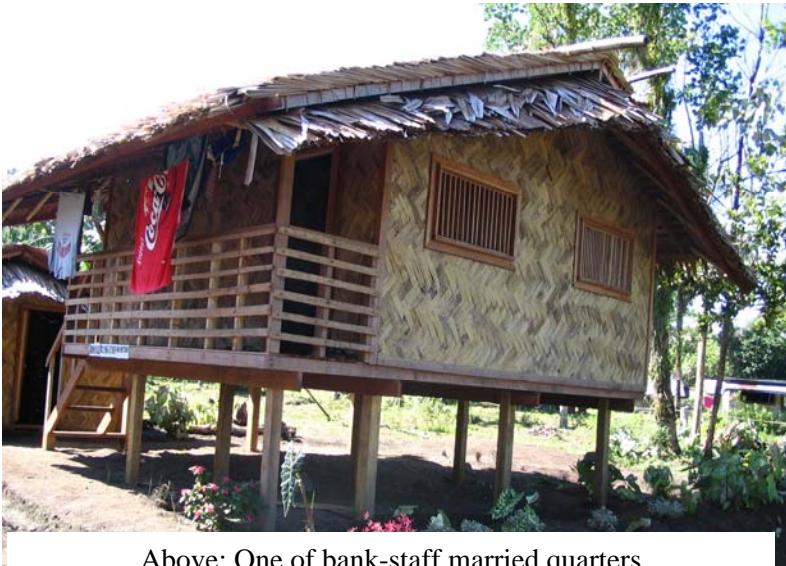

Meanwhile the Governor of Central Bank Mr. Peter Lising and a staff from the Royal Kingdom of Papala Media Unit, are preparing to travel to Buka to facilitate the opening of the new bank branch there.

RKP HQ SHAPING UP

Two national bank staff houses and a staff mess are complete and already in use as construction progresses on facilities at the new Royal Kingdom of Papala headquarters at Tonu on the south west of Bougainville Island.

Also already completed and ready for use is a new auditorium with the capacity to accommodate up to 100 people.

Above: One of bank-staff married quarters

Meanwhile work is progressing to schedule on new RIBM buildings overseas in the PNG provinces of West New Britain, Manus, East Sepik, Madang and Morobe.

Above: Just completed Bank Security Quarters

A 10 men dormitory for staff and a bigger mess and kitchen and a new Media Centre are almost complete, while work is progressing to schedule on a second 10 men dormitory, 4 months after construction work commenced on facilities at the Kingdom's new headquarters.

PAPALA CHRONICLES

A weekly paper of Kingdom of Papala of The Royal Twin Kingdoms - Bougainville. Week Ending 08th April 2005 / 3

Work parties comprising some 300 helpers from villages within the Siwai district are contributing, labour, building materials and food for the construction phase of the project that will add new life to the way the island country has been governed and managed in the past.

Already on the ground and serving the new Kingdom are 9 Bankers, 2 senior Administrators, 2 Media and 1 IT specialist.

According to the King of Papala, HM King Peii II, highly qualified and experienced staff both from within Bougainville and overseas are being recruited to serve in the administration of the RAONK/UV system in the Kingdom.

The King said of the bankers already working with the Royal International Bank of Meekamui, 4 of them left senior positions with commercial banks in Papua New Guinea after they were offered jobs with the RIBM.

BANK PAYS SCHOOL FEES

The department of education has been allocated a billion US Dollars to fund its operations over the next two years with part of this allocation to be used to pay school fees for the 2005 and 2006 school year. This was revealed recently by the Founder and Director of U-Vistract, Mr. Moses Noah Musingku (now HM King Peii II) at a ceremony held at the head office of the Royal International Bank of Meekamui at Tonu in the Siwai District of Bougainville. The Director said school fees for all Bougainville schools and other learning institutions as well as fees for Bougainville students studying at various PNG colleges will be paid for under this allocation.

It is understood many tertiary institutions in PNG had registered Bougainville students to study at their campuses following guarantees from the Central Bank of Bougainville (Reserve Bank of Papala) that their school fees would be paid for.

CODE OF WORK ETHICS

The principal director of Royal Assembly of Nations & Kingdoms, HM King Peii II has begun distributing a strict code of work ethics or standards of life to his fellow kings, governors, premiers, presidents, prime ministers, financiers, officers and employees around the world.

Part of the code reads “

We will therefore, raise our standards and work ethics to the highest level possible. I expect every staff and/or affiliate-member to conduct his/her personal affairs in accordance with Scripture, our Universal Constitution.

I expect every staff and/or affiliate-member to match my personal standards as much as possible. The following are some of my personal standards:

Things I do not do:

(1) I do not drink nor trade *alcohol/beer/liquor/home-brew/intoxicating wine, etc.*

(2) I do not smoke nor trade *cigarettes, tobacco, brus, marijuana, cocaine, etc.*

(3) I do not chew nor trade betel nut (*buai, daka & lime - common in traditional Asia-Pacific societies*).

(4) I do not take unhealthy, unhygienic or non-nutritious foodstuff and drinks.

(5) I do not engage sexually with prostitutes nor have extra-marital or adulterous affairs with other women. I was a male-virgin until my wedding on 09/01/99. My marriage was arranged by parents relatives and pastors based on certain points I gave them. I did not know nor see my wife-to-be until engagement time and there was no dating involved. My marriage vows are sacred, and I have only one wife.

(6) I do not fool around nor engage sexually with homosexuals, anal-seekers, etc.

(7) I do not go to worldly dances, social nights, clubs, etc.

(8) I do not listen to worldly music. I only listen to harmonious gospel music.

(9) I do not play chance-games – gambling, including play cards - horseracing, pokers, etc. I do not walk by chance, nor by luck. I walk according to divine plan, purpose, and favour.

(10) I do not keep, read nor trade pornographic materials. Also, I do not watch unholy, unclean or worldly films, videos, TV or movie pictures. rather, I spend my time pondering over clean, holy

and pure mental pictures /imagination, which are uplifting, encouraging, and life-giving.

Other things are evident from your personal observations of my lifestyle to date – personal & family.

Things I do:

(1) I have regular praise and worship services with other brethren, family members, etc.

(2) I have regular prayer meetings with my own family in my home residence/palace.

(3) I live a life of great sacrifice and personal discipline. Everyday is a day of prayer and fasting. I have only one meal a day in the evenings. In addition, I have weekly, monthly, and yearly programs of prayer and fasting.

(4) Just as I discipline my body, I also discipline my mind and spirit. I ensure not to take nor allow any poisonous or non-nutritious thoughts into my mind and spirit. I refuse to allow dirty thoughts like worry, fear, panic, doubt, pride & arrogance, self-seeking, self-pity, inferiority complex, impatience, immorality, works of the flesh, idolatry, covetousness, etc, into my mind.

PAPALA CHRONICLES

A weekly paper of Kingdom of Papala of The Royal Twin Kingdoms - Bougainville. Week Ending 08th April 2005 / 6

(5) I only think about or meditate on thoughts that are holy, noble, praiseworthy, lovely, honest, pure, true, etc. I spend my time reading, meditating on and chewing Biblical laws, principles and concepts. I always carry with me a small Bible for easy reference.

(6) I also spend a lot of my time chewing noble customary laws, principles and concepts of my ancestors. I believe these laws come from God, our Creator and Source of Life. Seeing their compatibility with Scriptures, I spend so much time chewing them.

(7) When I was on the streets, I discovered a job that never gets full. In these days of high unemployment, *“the job of helping another person never gets full.”* There is no competition to it. Thus, I developed a *“helps”* ministry. It is so exciting to help another person.

(8) I have compared all types of pleasure, enjoyment and satisfaction available to mankind under the sun. I have not found anything as sweet or as fulfilling as *“a personal intimate encounter with the Creator”*.

There is absolutely nothing as sweet as this! Nothing tastes or feels like it! No amount of alcohol, Marijuana or cocaine-injection, etc, can match it!

I expect anyone who desires to work with me in Phase Two to match my personal standards, if possible. It may take you time to get here, but a conscious beginning now will bring you good results later.

Anyone who wants to work with me must do what I do, for how can I work with someone who is not like me?

Please, assess yourselves according to my standards, as we commence Phase Two. I will be subcontracting people who are balanced in spirit, soul and body.

I know that most staff, subcontractors and affiliate-members who worked with me in Phase One were close friends, relatives and Christian brethren.

However, regardless of how close they are, if they do not perform nor lift their standards higher, I cannot allow them to work with me in Phase Two. I have a personal Covenant with God, which I must fulfill.

Thank you for your understanding and action.

Concept of “Royal Twin Kingdoms”.

In this column I’d like to highlight the underlying principles that gives rise to the creation of “The Royal Twin Kingdoms” here in Bougainville.

Many have asked about the rationale behind the creation or existence of Royal Twin Kingdoms to which my simple answer has been “what God has put together, no man can sever”.

Firstly, the independence and sovereignty of Kingdom of Papala was proclaimed on 21st April 2000, at Sir John Guise stadium in Port Moresby amongst a large cheering crowd of investors. This was due to PNG’s heavy-handed tactics to force U-Vistract into liquidation.

At the ceremony we declared total financial independence of U-Vistract System under the sovereign nationality of Kingdom of Papala. The occasion sent shock waves to the world receiving worldwide publicity. PNG was taken aback right from the heart of her capital city and the matter was questioned in her parliament to no avail. Nothing could stop God’s perfect plan for Bougainville’s future under “The Royal Twin Kingdoms”.

PAPALA CHRONICLES

A weekly paper of Kingdom of Papala of The Royal Twin Kingdoms - Bougainville. Week Ending 08th April 2005 / 7

Four (4) years after proclamation of her financial independence and sovereignty, Kingdom of Papala was again divinely yoked with Republic of Meekamui (now Kingdom of Meekamui since 2004). The latter was to provide hardware services whilst Kingdom of Papala was to provide software services.

Papala refers to the origin of Bougainville. According to our cultural history as passed from generation to generation, all Bougainville's jet-black people originated from Papala/Siuwai where they had a 14-arm government system. Our ancestors then migrated to Mitahuwo also in Siuwai where they operated a six-arm government system. Then they migrated to various parts of the island – Buin, Nagovisi, Kieta, Torokina, Wakunai, Buka, etc, where they administered a four-arm government system.

The system and structure remained so until the arrival of Europeans with their three-arm government system, being legislature, judiciary and executive.

Right from the origin at Papala/Siuwai the island was administered /ruled as a Kingdom. One of the 14 names/government arms of

Papala was King Peii who was said to rule the entire island and other islands as king of kings. Papala also refers to the God of creation, origin and source of all life.

Thus, it was not a mistake that we chose to use the name Papala in our efforts to bring Bougainville back to God Almighty. Papala is where the original “*Meekamui*” is. Its where the original “*osikaiang*” and original “*sipungeta*” is. In order to succeed in our long struggle for self-rule, independence or sovereignty we must pull our bowstring all the way back to Papala and release it therefrom – In Bible days King David boasted that whenever he would pull his bowstring right back and released it, he was sure to struck and kill his enemy.

Thus, in order to design, build and operate a new and sovereign international government, monetary and banking system we had to go all the way back to Papala and find original concepts, principles and systems. In the process many educated people called us names like cargo-cult, etc, but we persisted until we made it to the end in God's perfect timing.

God has a bigger plan for Bougainville and the region, and no one can change or stop it from happening

regardless of his education, position, power or authority. As a blessed nation Bougainville and the region shall lend and not borrow, she shall be the head and not the tail.

The underlying concept of the existence of the Royal Twin Kingdoms can be viewed from a number of important angles: -

(1) God used the Meekamui Government to expel the other international domineering system from Bougainville, and again chose Papala Government to establish a new home-grown (Bougainville-based) international system.

(2) Meekamui Government provides hardware services whilst Papala Government provides software services.

(3) Meekamui Government provides the body/cover whilst Papala Government provides the spirit within, and

(4) Meekamui provides the government system whilst Papala provides the financial operating system.

We can only thank God for His Omniscience and Wisdom in choosing the Royal Twin Kingdoms for such a time as this. May He receive all glory and honour.

Director

PAPALA CHRONICLES

A weekly paper of Kingdom of Papala of The Royal Twin Kingdoms - Bougainville. Week Ending 08th April 2005 / 8

By Robin Brown

PASSING OF CHURCH PIONEERS

The people of southern province of Bougainville /Papala have laid to rest two pioneer missionaries and community leaders at a funeral service held at TONU last Sunday 03rd April, 2005.

They were pioneer Minister of the United Church who later became founding Pastor of the CLC church, late JACOB NEEWAI, and paramount Chief and UC-CLC Pastor, MIKISA MOROWO.

Their passing were met with deep sorrow, coming only hours apart from each other – NEEWAI died on Friday 01st April and MIKISA the following morning, Saturday.

The late NEEWAI suffered from serious back injuries inflicted upon him by armed men during the Bougainville crisis who tried to prevent him from boldly and fearlessly preaching the Love of God among the people and fighting men.

He was the first amongst the locals to be trained by overseas missionaries after the Second World War, and reached the highest position of Superintendent Minister for the United Church in Southern Bougainville.

In 1975 he moved to head the CLC church in the Bougainville region until the crisis on the island, and continued missionary work until his passing.

His close relative, the late MOROWO, also a Pastor of the CLC was one of several people who prophesied the emergence of a Royal World Banking Institution in TONU, and lived to witness the first stages of prophecy come true.

As a mark of respect, the population in Southern Bougainville saluted the passing of their Statemen by holding a public holiday.

The late Jacob Neewai was given recognition by PNG government in 2000 with a Silver Jubilee Medal for his distinguished services and contribution to development over the past 25 years of Independence.

Foundational Scripture of U-Vistract System:

“God gives wisdom, knowledge and happiness to those who please Him, but to the sinner God gives the job of heaping and gathering only to give to the one who pleases God. Eccl 2:26

Quote of the week:

The greatest wisdom in the universe is “hearing the voice of God and obeying it”
(Director)
